

# Supportive Housing

## What is supportive housing?

This is a recovery-based service that combines support with housing to promote successful tenancies. It is a collaborative partnership with:

- Stonehenge Therapeutic Community
- Thresholds Homes and Supports
- Dunara Homes for Recovery Inc.
- The County of Wellington; and
- Private landlords, offering safe, subsidized, longer term and transitional housing options across Guelph and Wellington.

## Who can access supportive housing?

Individuals 18 years of age and older who:

- Are experiencing homelessness or are a risk of losing their housing
- Are experiencing significant mental health and/or addiction issues
- Qualify for subsidized/geared-to-income rent (financially vulnerable)
- Are in need of and willing to engage with a Support Worker on a regular and on-going basis
- Are able to live independently with minimal supports

In addition to the above, for transitional addiction supportive housing, applicants will have participated in a residential or community addictions treatment program within the last 3 months and be striving to maintain abstinence.

## Are you a landlord?

If you are a landlord (or know of a landlord) who would like to learn more about how to participate in this exciting service, please contact our Housing Coordinator at: [landlord@cmhaww.ca](mailto:landlord@cmhaww.ca)
