

## We are recruiting for a Psychiatrist – General Adult Outpatient Services, Guelph Site

The Waterloo Wellington Branch of the Canadian Mental Health Association is recruiting to fill a vacancy due to physician relocation in General Adult Outpatient Services.

This position can be full or part time, and there is flexibility to incorporate the psychiatrist's particular set of knowledge, interest and experience. Interest and skills in psychiatric psychopharmacology and a desire to work with patients in a community setting who often have a variety of co-morbidities and psychosocial challenges, are necessary. There is an opportunity for psychiatrists who are required by the CPSO to have a year of supervised practice, subject to supervisor availability. A core group of 10 psychiatrists also make this an attractive opportunity for a new graduate.

Leadership to a multidisciplinary team and active collaboration with primary care providers and other community partners is expected, and service site may include co-location in the Guelph Community Health Centre.

Opportunities also exist for an academic appointment with the Kitchener-Waterloo campus of the McMaster School of Medicine, and active teaching of medical students, family medicine and psychiatry residents is encouraged. There are also options for more formal teaching roles within the satellite medical campus which is situated in Kitchener.

Additionally, there is the opportunity to jointly credential with Grand River Hospital, and join their department of psychiatry, a 25 member group providing acute and specialized mental health services across the age continuum with 115 inpatient beds and associated outpatient services.

The Waterloo-Wellington Region consists of 4 cities; Cambridge, Guelph, Kitchener and Waterloo. Each with numerous urban amenities but with small town charm and atmosphere. Just a short drive from the cities are numerous small towns set within inviting farmland, forests and rivers of the region. Pearson International Airport is just an hour away, and the sites of Toronto are easily accessible for an evening or day trip. Waterloo-Wellington is a highly regarded area to raise a family offering modest housing prices with an abundance of lifestyle options, and safe, nurturing, family focused communities to live and grow. Three highly regarded universities and a community college contribute to a spirit of academic innovation and leadership, supported by excellent public, separate and private primary and secondary schools.

Payment is a combination of fee for service and sessional fees with no overhead costs. This offers a competitive earning potential while maximizing physician autonomy and choice.

For more information about joining our team please contact Dr. John Heintzman, CMHA Physician Lead ([john.heintzman@grhosp.on.ca](mailto:john.heintzman@grhosp.on.ca)) or Helen Fishburn, CMHA Executive Director ([hfishburn@cmhaww.ca](mailto:hfishburn@cmhaww.ca)).
