What is Supporting Kids in Camp?

Supporting Kids in Camp is a community collaboration involving service agencies, recreation programs and family members. In addition to providing one-to-one support for children attending camp programs in Wellington County, Supporting Kids in Camp also works to increase the community's capacity to include all children in their programs. This is done by providing a number of workshops on inclusion, providing programs with resources on their specific needs and providing a forum for programs to share their best practices. Each year, new programs join in as a partner camp who has a child attend with a Support Counsellor or by attending an event hosted by Supporting Kids in Camp.

Current members of the Supporting Kids in Camp Steering Committee include:

KidsAbility Centre for Child Development

Sunrise Therapeutic Riding and Learning Centre

City of Guelph

Rainbow Day Camp

Family and community representatives

Bulldog Interactive Fitness

Canadian Mental Health Association Waterloo Wellington

YMCA/YWCA of Guelph

If you or your organization is interested in being part of the Supporting Kids in Camp Steering Committee or if you would like to provide feedback on any part of the program or this directory, please contact the Program Coordinator at (519) 821 8089 ext. 7033 or by email at [tfagan @ cmhaww.ca](mailto:tfagan@cmhaww.ca)

Camp Belwood (YMCA)

Belwood offers an overnight camp as well as a day camp for boys and girls 5-12 years of age. Belwood's program, like its site, is unique. As part of a small and welcoming camping community, Belwood campers experience a more personalized program; with two age groups (Juniors and Seniors) they have two very distinct programs which run independently from one another. These separate programs provide a comfortable introduction into overnight camping to our younger campers, while recognizing the need for a more challenging program for older campers, experienced or not. All Belwood campers have meals together, and they also gather throughout the week for camp-wide programs. We offer bussing from Cambridge, Kitchener, Waterloo, and Guelph.

Guelph Giants Hockey Club

The Guelph Giants Hockey Club is a team comprised of athletes with intellectual disabilities. The Giants are presently in their EIGHTH season and have about 50 players registered this year. Giants' players are given the opportunity to play and be a part of a hockey team regardless of disability, gender, or ability to skate. This charity endeavours to give a sense of community involvement to persons who in the past were only been able to watch hockey from the sidelines. The Principles of the program are to have fun, provide an accessible and inclusive hockey experience, and develop individual and team hockey skills. The experience gives the players a chance to form close and important friendships with their peers and permits them to develop sportsmanship that would not have otherwise been possible. Skating improves gross motor development in a fun way where the players are able to develop at their own rate with the help of a very dedicated group of volunteer coaches who emphasize fun while learning.

USING SPECIAL SERVICES AT HOME (SSAH) FUNDING FOR CAMPS

Special Services at Home (SSAH) funding can be used to cover registration and support costs for summer camp programs. Summer camp registration fees for siblings can also be paid for with SSAH funding.

When using SSAH funding for camps remember

- SSAH funding will cover registration fees but not *additional costs* such as camp T-shirt if they are not covered in the registration fee.
- Funding for transportation costs are reviewed on a case by case basis, speak with your SSAH coordinator or ministry representative if you may need to use your SSAH funding for transportation to camp.

If you use a **transfer payment agency** for your funding, such as CMHA WWD, (*Invoices sent to CMHA WWD not sent directly to the Ministry of Community and Social Services or the Ministry of Children and Youth Services*).

Here are some steps to remember when using funding for recreation programs include:

1. Make sure the program is eligible under the SSAH Guidelines (*see fact sheet link below or contact your SSAH Coordinator if you are unsure*).
2. Complete the registration process for the camp or recreation program
 - a) If you are paying for the program and will be reimbursed by your transfer agency, **request two copies of your receipt** – one to submit and one to retain for your records
 - b) To receive **REIMBURSEMENT** for camp programs you have paid for : Submit an ***“Invoice for Services Provided”*** sheet with your **receipt**
 - c) If you would like the transfer agency to pay the program directly, request an **invoice** from the camp program
 - d) To have the transfer payment agency pay the camp program directly: Submit an ***“Invoice for Services Provided”*** with your **invoice**

For more information about what Special Services at Home (SSAH) funding can be used for, the SSAH Fact Sheet can be found at

PURCHASING SUPPORT FROM AN INDEPENDENT SUPPORT PROVIDER

While many camps do offer support for children with special needs, you may be more comfortable purchasing service with an independent support provider that is screened and paid by your family.

WHAT TO LOOK FOR IN AN INDEPENDENT SUPPORT PROVIDER (ISP)

What you are looking for in a worker will obviously depend on the needs of your child.

Consider the following questions...

- ❖ Would you like to contract with a university or high school student, or someone who provides support as their profession?
- ❖ Are you looking for more of a peer support or someone who can provide higher level support such as personal care or supporting challenging behaviours?
- ❖ Do you need the ISP to transport the individual to camp?
- ❖ What skills will the ISP need to fully participate in the camp program? The ability to swim? A comfort level with animals? All workers will need lots of energy, enthusiasm and a commitment to inclusion and ensuring your child has a great summer experience!
- ❖ Does the ISP need to be comfortable administering medications or will the camp handle that?
- ❖ Does the ISP need any certifications or specific training? First Aid? CPR? Non-violent crisis intervention? Training in different communication systems? Remember that many camps make some of these requirements for their staff.
- ❖ Would you like to have one ISP for the entire summer, or connect with a few different workers? Having 2 or 3 different ISP may help to prevent burn-out and provide some options if the primary ISP becomes ill during the summer.
- ❖ If the ISP *is* ill, would your child still be able to attend camp?
- ❖ What is the rate you are comfortable paying a ISP? Typical hourly rates tend to be around \$12-\$15/hour with a flat rate between \$400 and \$500. A typical camp week is 40 hours.

WHERE TO LOOK FOR AN INDEPENDENT SUPPORT PROVIDER (ISP)

Some places where you can advertise for or inquire about independent support workers are:

- ❖ Community or parent groups
- ❖ Churches Schools (Educational Assistants or Peer Supports)
- ❖ Recreation programs (Programmers or volunteers)
- ❖ ***Respiteservices.com***

- ❖ To avoid any delays, state special requirements in the ad, such as the need to attend a camp orientation or obtain a police check.
- ❖ ***If you are communicating by e-mail, set up an anonymous e-mail account (that does not include your family's name) for the purposes of recruiting an ISP.***

“One Form” Personal Profile for Community Programs

Regardless of special needs, all children are unique and have varying abilities and needs. To ensure your child has a successful experience at camp, it may be beneficial for you to share information about your child ahead of time. Many camps will have supplemental forms that allow you to share your child's unique needs and abilities. To assist families and camps, SKIC has created the 'One Form' which can be used as a profile of your child to share with camp staff. Families are encouraged to copy this form and include with camp registration.
