## POLICY STATEMENT

CMHA WW staff and volunteers will apply a standardized framework to working through ethical issues, addressing conflicts of interest, and making decisions. The Ethical Framework includes codes of conduct, guidelines, processes, and values to help guide decision-making about service provision and proposed research activities.

## INTENDED OUTCOME

Leadership:

Directors, managers and supervisors will ensure that they and their staff are well versed in the ethical framework and that the framework is consistently applied to resolve any identified issues.

Staff:

Staff will understand the importance of ethical decision making, know how to apply the ethical framework and exercise flexible but sound judgement when addressing and resolving ethical issues.

Individuals accessing CMHA WW services:

Individuals receiving care will experience compassionate and effective services that are grounded in a strong ethical framework that guides how care is provided and experienced.

## DEFINITIONS

*Ethical Decision Making*

*A common shared approach for making difficult decisions for which there are no quick, easy or right answers.*

*CMHA WW Ethical Framework*

*A defined process based on CMHA WW's values for making difficult decisions affecting client care or organizational dilemmas for which there is no clear right or wrong answer. The framework encompasses:*

- *Codes of conduct*
- *Policies*
- *Guidelines*
- *Procedures*

<p>Author: Director, Quality &amp; Risk, Chief Privacy Officer</p>	<p>Effective date: September 2015</p>	
<p>Approved by: Chief Executive Officer</p>	<p>Reviewed: November 2019 May 2022</p> <p>Next review: November 2024</p>	

*Other tools that help guide decision making*

*CMHA Ethical Dilemma Worksheet*

*A tool for making ethical decisions that takes into account the facts, emotions, ethical principles, various alternatives and their consequences of a particular circumstance or situation.*

*CMHA Ethics Committee Worksheet*

*A collection and summary of ethical reviews conducted across the organization that is used to identify trends and issues requiring changes to policies, procedures and practice. .*

*CMHA Ethics Committee*

*This committee will steward and champion the ethical framework to ensure that it is consistently applied across the organization. The committee will identify ethical trends and issues arising from the ethical reviews completed by staff and will recommend changes to policies, procedures and practices as needed.*

<p>Author: Director, Quality &amp; Risk, Chief Privacy Officer</p>	<p>Effective date: September 2015</p> <p>Reviewed: November 2019 May 2022</p>	
<p>Approved by: Chief Executive Officer</p>	<p>Next review: November 2024</p>	

**PROCEDURE**

1. Once an ethical dilemma has been identified, determine the most appropriate forum to resolve the issue which may include:
  - a. Supervision with supervisor or manager (Ethics Champion)
  - b. Community team discussion
  - c. Service team discussion
2. Determine which stakeholders should be involved in the discussion. Utilize the “CMHA WW Ethical Dilemma Worksheet” to prepare for the discussion.

Once a decision has been reached on how to respond to the dilemma, forward the completed Ethical Dilemma Worksheet to the Risk Manager.

3. If the ethical dilemma is not resolved at this stage, the issue may progress through the following stages:
  - i. Review by the CMHA WW Ethics Committee (typically for systemic ethical issues) and/or consultation with ethics consultants, mental health lawyers, professional regulated bodies.
 

At this time membership on the ethics committee includes:

    - a. Staff – cross section of both administrative and client service programs; and peer support/self-help;
    - b. Management;
    - c. BOD representative
    - d. +/- an ethicist (to be determined on a case by case consultation basis); and
    - e. External stakeholder (case by case) involved as appropriate.
  - ii. Review by the Performance, Quality and Ethics Committee (typically for systemic issues). Membership on this committee includes Quality and Risk Managers and Board Members.
  - iii. If the ethical issue is not resolved, and the Ethics Committee review is not successful, the Board of Directors, through the PQRE Committee, will decide upon a final direction to bring the issue to resolution.

<p>Approved by: Chief Executive Officer</p>	<p>Reviewed: November 2019 May 2022</p> <p>Next review: November 2024</p>	

## GUIDELINES

The ethical framework should be applied when the following factors are present:

1. The potential for serious consequences to a person if an adverse event occurs; and the urgency with which the agency must act.
2. Competing issues, factors and disparate perspectives that make it difficult for a staff member or team to determine a right course of action.
3. Larger system factors (such as contradictory policies between service providers) that compromise the ability to decide upon and implement a course of action that is right for the person and the situation under consideration.
4. Issues which cannot be resolved.

## Documentation and Feedback

Documentation and feedback are important tools for ensuring follow through, demonstrating accountability and capturing learnings. For ethical issues involving people in service, the specific plan/actions to be taken should be documented on the client file as with other aspects of the service plan. The client file should contain minimal “need to know” information about the action taken.

The CID, but not the person’s name, should be recorded on Appendix B [CMHA WW Ethical Dilemma Worksheet](#). This ethics review process is integrated with the CMHA WW Incident Reporting procedure. Once the CMHA WW Ethical Dilemma Worksheet is completed by the person who called for the review, it is forwarded to the Risk Manager for trending and inclusion in summary reports.

All Incident Reports (RHP F 022) are treated confidentially and privileged information is sealed within the CMHA WW electronic system(s).

### Quarterly Summary Reviews

All incidents, including ethical reviews are summarized quarterly and reported to the Board through the Performance, Quality and Ethics Committee of the Board. The summaries do not include any staff or client identifiers and provide the opportunity for the Board to identify any trends that require a change in policy or practice. Summaries will also be shared with staff via the Orchard and the public on CMHA WW's website. Any information that is posted internally or externally is abstracted from specific ethical reviews and does not include any client or staff identifiers.

## APPENDIX A

### Purpose:

#### CMHA WW Ethics Committee Terms of Reference

The purpose of the CMHA WW Ethics Committee is to:

- Promote and foster a comprehensive ethical (principled decision-making) approach to the resolution of ethical issues at the governance, leadership and operational levels.
- Oversee and facilitate education and training in the application of the ethics framework.
- Serve as the steward for the ethical framework and for building organizational capacity through the development and promotion of policies and practices that support a robust culture of ethical decision making.

### Objectives:

- Provide a forum for identifying, discussing and recommending solutions to common ethical issues arising across CMHA WW;
- Raise awareness of ethical dilemmas and enhance the capacity of leadership and staff to recognize and address organizational and direct service ethical issues within CMHA WW;
- Provide advice and guidance to the CMHA WW Board, leadership and staff on ethical issues that require changes to policies, standards and practices to provide safe quality care;
- Oversee and coordinate education on ethical decision making; and
- Screen and approve any program evaluation or research studies sponsored by CMHA WW using the Program Evaluation/Research Checklist.

CMHA WW Ethics Committee **will not**:

- Provide legal advice;
- Manage the risk or provide service direction for individual ethical dilemmas or situations.
- Review any issues that are not primarily of an ethical nature.

<p>Policy title: <b>Ethics</b></p>	<p>Policy# <b>DSRHP P 112</b></p>	<p>Page <b>7</b> of <b>10</b></p>
<p>Author: Director, Quality &amp; Risk, Chief Privacy Officer</p>	<p>Effective date: September 2015</p>	
<p>Approved by: Chief Executive Officer</p>	<p>Reviewed: November 2019 May 2022</p> <p>Next review: November 2024</p>	

**Ethics Committee Membership and Principles:**

- Membership is limited to 12-15 individuals;
- Chair will be recruited and appointed by the Executive Director with preference given to a non-CMHA WW employee or the BOD to reduce any conflict of interest. *In the interim, CMHA WW Risk Manager in conjunction with CMHA WW Quality Manager will begin the process of developing this committee with a plan to obtain an arms-length Chair as approved by Executive Director.*
- Role of Chair is to :
  - ✓ Summarize and document on the CMHA WW Ethical Committee Worksheet the systemic ethical reviews ;
  - ✓ Ensure the discussion’s primary focus is on ethical considerations;
  - ✓ Frame conclusions in a way that is helpful to CMHA WW.
- Membership should be broadly representative of CMHA WW’s operational and direct service programs including management; physician; quality and risk management; CMHA WW services representation; Human Resources; administration; system coordination; peer support; and access to ethics consultants.
- Members should be ‘recruited’ on the basis of reputation, performance, skill and knowledge;
- Lay representation is necessary, and this can be achieved through Self-Help and peer representatives;
- Members should be clear that they are chosen for their aptitude for ethical decision making and not as representatives of any given body, group, profession or special interest;
- Members should have an interest in the subject of ethics; an ability to work in a group; and commitment to the group.

**Meeting Frequency**

- Monthly meetings and at the call of the Chair

 <p><b>Canadian Mental Health Association</b> Waterloo Wellington</p> <p><b>Association canadienne pour la santé mentale</b> Waterloo Wellington</p>	<h1>Risk, Health Information, Privacy</h1>	
<p>Policy title: <b>Ethics</b></p>	<p><b>Policy# DSRHP P 112</b></p>	<p>Page <b>8</b> of <b>10</b></p>

<p>Approved by: Chief Executive Officer</p>	<p>Reviewed: November 2019 May 2022</p> <p>Next review: November 2024</p>	

### Meeting Documentation

- Minutes of meetings will identify key decisions, actions and milestones and will be forwarded to Committee members and posted on the CMHA WW Orchard for staff viewing.
- Updates are also shared via the quarterly Incident Report Summary process as appropriate.

### Accountability and Reporting of Proceedings

- The CMHA WW Ethics Committee is a subcommittee of PQRE.
- The Ethical Committee Worksheet only includes abstracted information and will not include any client or staff identifiers.
- The worksheet may be accessed by employees as an educational tool on the Orchard.
- The exact details of any discussion by the committee will remain privy to the participants. The committee will divulge information to management only where there is a clear breach of the law.
- An audit tool is being developed to determine the effectiveness and usefulness of the Ethics Committee.

### CMHA WW Ethical Dilemma Worksheet

Reflecting on a specific ethical dilemma you are currently facing or have faced, please complete the following worksheet. Refer to CMHA WW's Ethical Framework to help guide your responses.

#### Dilemma Description

Provide a brief summary of who is involved and why there is a dilemma.

#### What's the Situation?

Describe the conditions of the ethical dilemma.

#### Influencing Factors

What am I seeing?

Who am I?

Where do I live?

Who else matters?

#### Course of Ethical Action

What did you decide to do?

#### What Happened?

Describe the outcome.

## APPENDIX C

Date: \_\_\_\_\_

### CMHA WW Ethics Committee Worksheet

#### Type of Ethical Dilemma

Briefly describe the type of dilemma (e.g., consent and capacity; breach of confidentiality/privacy; etc.).

#### Why is this particular type of dilemma recurring?

Explain why there is a pattern for this type of dilemma.

#### Organizational Impacts

What are the impacts to the organization from this type of dilemma?

#### Policy, Procedures, Standards, Practices

Describe action required around organizational policies, procedures, standards, or practices to reduce its frequency.

#### What's the Plan?

At the systems level, what is the organizational plan to address this type of dilemma?
