CANCELLATIONS: Planned cancellations are noted on the above grid. In the event that we need to unexpectedly cancel a workshop, registered participants will be notified via email as soon as possible.

Colour Theory Painting - During this two-part workshop we will use elements of colour theory including value; monochromatic, complimentary, and analogous colours to create an acrylic painting.

Design a Colouring Book - Together, during our first workshop, we will each design a "Home" themed colouring book page that will then be assembled into a colouring book. At the second workshop, we will learn specific colouring and shading techniques using pencil crayons to colour a page in our books.

Illustrated Journalling - (Usually) On the first Monday of each month, with some help from illustrator, Dylan Mierzwinski, and Skillshare, we will be creating color-filled illustrated journal entries in this beginner-friendly creative workshop series. We'll be taking a mindful approach to working together through illustrated journal prompts to promote calm and pressure-free creativity. The supplies are basic; a blank journal or loose-leaf paper, markers and pens (or whatever coloring tool you have lying around), scrap paper, and time set aside each month to support our mental health and creative wells!

In Progress - When it comes to your art, do you spend more time procrastinating than creating? Do you find you don't set time aside to work on existing projects? During "In Progress" we will gather to work on our on-the-go projects, offer each other support on getting through creative blocks and bumps, and of course take time to make art! Remember to bring the supplies along that you will need to work on your project during the workshop time.

Leap Write In - Inspired by "Leap Write In", by Karen Benke, this series invites your jittery mind into quiet slips of timed experiments that are designed to encourage your timid heart to forge forgotten feelings and entice your shy-self to make friends with emerging emotions. Explore all the wacky, confusing, brave, soul-stirring, wonderings and wanderings of your life's inner treasures through creative writing!

Nature Journal Series (5 Parts) - Discover the therapeutic benefits of nature with Heidi, horticultural therapist from the Guelph Enabling Garden. Immerse yourself in a unique workshop series where you'll create a captivating nature journal using materials sourced directly from the natural world. Participants are asked to attend all five workshops in the series to complete their project and fully benefit from the experience.

The Writing Life - This workshop, facilitated by writer and editor Mary Katherine Carr, will explore creative intuition and writing as a healing practice and force for positive transformation in the self and in our community. We will experiment with various forms of writing, including fiction, creative non-fiction, poetry, and letters, taking inspiration from writers past and present, from all around the world. We will share our work with one another when we feel inspired and comfortable doing so and provide supportive feedback, exploring our natural curiosity and instincts. Writing can be a self-care practice, as well as a vehicle for social change - your words are powerful!

Program Descriptions

Abstinence Not Required Substance Use Support – An open discussion, harm reduction-focused, substance use and addictions peer support group. We share how substance use affects our lives and how we may come together in mutual support and learning on our individual journeys towards improved wellness and quality of life. This group focuses on living well with or without changing our substance use and is facilitated by peers with lived experience. This group is an alternative to the 12-step model. For connection details, please email facilitator Farah at flahens@cmhaww.ca.

Afro Caribbean Black Mental Health Support Group – This group offers a safe space for people of Afro-Caribbean Black heritage to come together to share their feelings and unpack the challenges and intersections of living with a mental health challenge and being Black away from the white community. Here you can receive acceptance and support from each other and connect through similar difficulties. Each week we will visit topics such as anxiety, depression, grief, cultural trauma, relationship with food and body images, boundaries, and assertiveness, anger, stress & weight management, self-compassion, and self-esteem. To join group please email Farah at flahens@cmhaww.ca.

If you are a parent dealing with alienation due to a co-parent situation, an alienated grandparent, or have been alienated from your family as a child, you may find validation and connection in this space where you can come and discuss how this is impacting your life today. To join group please email: dwatterson@cmhaww.ca.

Alternate Realities – Have you ever felt disconnected from reality? Have you experienced thoughts, sensations, or voices that aren't entirely your own? Have you ever been told that your perception of the world may be different from others and that you might be experiencing symptoms related to schizophrenia or psychosis? This group is designed to support individuals who have experienced or currently are experiencing alternate realities. These realities may be troubling or enlightening, they may take away from your day-to-day functioning, or you may be totally comfortable operating within them. In this group we want to discuss all aspects of the alternate realities that we experience and deconstruct the idea of what is "normal." This group is for people who identify as having experienced hallucinations (auditory/visual/tactical), delusions, paranoia, confused or disturbing thoughts and are open to discussing ways to engage in these alternative realities to support wellness. This peer support group is a brave space to discuss these experiences from any perspective that you resonate with, as there are multiple ways to understand experiences of alternate realities. Please join Katie and Kyle as we walk this journey together. For more information, please email Katie at kbillings@cmhaww.ca.
