Art for Self Care

Discover the world of artist trading cards (ATCs) in this interactive workshop! Whether you're a seasoned artist or just starting out, join us for a fun and creative session where you'll learn the basics of ATCs, exchange techniques, and create your own unique cards to trade with fellow participants.

Artist Trading Cards (ATCs) Create and Trade

ATCs are small, trading-sized artworks (typically 2.5 x 3.5 inches) that are created to be exchanged among artists. Despite their small size, ATCs offer endless creative possibilities and provide a unique platform for self-expression. In this workshop, you'll learn everything you need to know to get started with ATCs, from selecting the right materials to exploring various techniques and styles. Whether you're a seasoned artist or a curious beginner, you'll find that ATCs offer a satisfying creative outlet that's both accessible and rewarding.

Drawing: Studying the Masters

This monthly workshop will focus on a different master artist each month. We will learn some tidbits about the highlighted artist and then use a piece of their art as inspiration for a drawing. This month's artist is NORMAN ROCKWELL

Get Inspired By...

Dive into the enchanting world of mixed media art in our colourful workshop, where you'll create a beautiful piece inspired by the renowned artist, Geninne D. Zlatkis. Known for her intricate designs and nature-inspired themes, Geninne's work offers the perfect muse for your own artistic journey using liquid watercolours and acrylic ink.

This workshop is perfect for artists of all levels, garden enthusiasts, and anyone looking to connect with nature in a creative way.

In Progress

When it comes to your art, do you spend more time procrastinating than creating? Do you find you don't set time aside to work on existing projects? During "In Progress" we will gather to work on our on-the-go projects, offer each other support on getting through creative blocks and bumps, and of course take time to make art! Remember to bring the supplies along that you will need to work on your project during the workshop time.

Leap Write In

Inspired by "Leap Write In", by Karen Benke, this series invites your jittery mind into quiet slips of timed experiments that are designed to encourage your timid heart to forge forgotten feelings and entice your shy-self to make friends with emerging emotions. Explore all the wacky, confusing, brave, soul-stirring, wonderings and wanderings of your life's inner treasures through creative writing!

Mixed Media Zendoodles

Unlock your inner artist in this immersive and relaxing workshop where we blend the printed images with the mindful practice of zendoodling. Whether you're a seasoned artist or a curious beginner, this session will guide you through the creative process of turning everyday materials into stunning mixed media masterpieces.

The Writing Life

This workshop, facilitated by writer and editor Mary Katherine Carr, will explore creative intuition and writing as a healing practice and force for positive transformation in the self and in our community. We will experiment with various forms of writing, including fiction, creative non-fiction, poetry, and letters, taking inspiration from writers past and present, from all around the world. We will share our work with one another when we feel inspired and comfortable doing so and provide supportive feedback, exploring our natural curiosity and instincts. Writing can be a self-care practice, as well as a vehicle for social change - your words are powerful!

This group is designed to support individuals who have experienced or currently are experiencing alternate realities. These realities may be troubling or enlightening, they may take away from your day-to-day functioning, or you may be totally comfortable operating within them. In this group we want to discuss all aspects of the alternate realities that we experience and deconstruct the idea of what is "normal." This group is for people who identify as having experienced hallucinations (auditory/visual/tactile), delusions, paranoia, confused or disturbing thoughts and are open to discussing ways to engage in these alternative realities to support wellness. This peer support group is a brave space to discuss these experiences from any perspective that you resonate with, as there are multiple ways to understand experiences of alternate

realities. Please join Katie as we walk this journey together. For more information, please email Katie at kbillings@cmhaww.ca
