## Program Descriptions

**Abstinence Not Required Substance Use Support** – An open discussion, harm reduction focused on substance use and addictions peer support group. We share how substance use affects our lives and how we may come together in mutual support and learning on our individual journeys towards improved wellness and quality of life. This group focuses on living well with or without changing our substance use and is facilitated by peers with lived experience. This group is an alternative to the 12-step model. For connection details, please email facilitator Farah at [flahens@cmhaww.ca](mailto:flahens@cmhaww.ca).

**Afro Caribbean Black Mental Health Support Group** – Our Afro-Caribbean Black Mental Health Support Group is a space where we come together to acknowledge the unique tapestry of our shared experiences. Our souls, rich with melanin, understand the impact of cultural winds and societal storms on our mental well-being. In this safe and supportive community, we weave our stories into a vibrant quilt of resilience. We shared coping secrets like ancestral whispers carried on the breeze. Our goal is mutual upliftment, and we rise hand in hand. We honour our Afrocentricity and recognize that our roots run deep, connecting us together as we strive towards healing, guided by the rhythm of our hearts. To join group please email Farah at [flahens@cmhaww.ca](mailto:flahens@cmhaww.ca).

**Alienated Together** - Have you ever, or are you currently experiencing familial alienation? If you are a parent dealing with alienation due to a co-parent situation, an alienated grandparent, or have been alienated from your family as a child, you may find validation and connection in this space where you can come and discuss how this is impacting your life today. To join group please email: [nflewelling@cmhaww.ca](mailto:nflewelling@cmhaww.ca).

**Alternate Realities** – Have you ever felt disconnected from reality? Have you experienced thoughts, sensations, or voices that aren't entirely your own? Have you ever been told that your perception of the world may be different from others and that you might be experiencing symptoms related to schizophrenia or psychosis? This group is designed to support individuals who have experienced or currently are experiencing alternate realities. These realities may be troubling or enlightening, they may take away from your day-to-day functioning, or you may be totally comfortable operating within them. In this group we want to discuss all aspects of the alternate realities that we experience and deconstruct the idea of what is “normal.” This group is for people who identify as having experienced hallucinations (auditory/visual/tactical), delusions, paranoia, confused or disturbing thoughts and are open to discussing ways to engage in these alternative realities to support wellness. This peer support group is a brave space to discuss these experiences from any perspective that you resonate with, as there are multiple ways to understand experiences of alternate realities. Please join Katie as we walk this journey together. For more information, please email Katie at [kbillings@cmhaww.ca](mailto:kbillings@cmhaww.ca)
