Art for Self-Care - In this last workshop in a series of 5 monthly classes, with the help of artist Jessica Swift and Skillshare, you'll learn how to tap into the power of your intuition and use artmaking as a tool for radical self-care. Whether you're an experienced artist or a curious beginner, this self-paced class is for you. Artmaking can be used as a tool for meaningful self-discovery and transformation.

Altered Art Journals - Transform an old hardcover book into a personalized art journal in our Altered Art Journals workshop series! Each month, we'll explore a new creative theme, using mixed media techniques like painting, collage, and sketching to bring new life to the pages of your book. This is a fantastic way to repurpose an old book and turn it into a meaningful artistic expression of your own. Please bring along a hard-cover book without glossy pages to use as your journal—the older, the better, as long as the spine is intact! If you don't have one at home, thrift stores are a great place to find them for a few dollars. If you have an extra, please consider bringing it along to share. Join us monthly to dive into a fresh theme, expand your creative skills, and watch your journal evolve over time. This monthly workshop will be coming to Guelph in the new year!

Studying the Masters: Grandma Moses - This monthly workshop will focus on a different master artist each month. We will learn some tidbits about the highlighted artist and then use a piece of their art as inspiration for a drawing. This month's artist is GRANDMA MOSES.

In Progress and ATC Trading Session - When it comes to your art, do you spend more time procrastinating than creating? Do you find you don't set time aside to work on existing projects? During "In Progress" we will gather to work on our on-the-go projects, offer each other support on getting through creative blocks and bumps, and of course take time to make art! We will also have time to make new Artist Trading Cards (ATCs) and make trades! Remember to bring the supplies along that you will need to work on your project during the workshop time. Bring a mug for tea!

The Magic of Timed Drawing - Join artist Jasmina Creates on Skillshare to elevate your drawing skills through fun, timed exercises designed for artists of all levels. This course focuses on improving observational skills, building confidence, and overcoming creative blocks. By mastering short, focused drawing sessions, you'll sharpen your freehand techniques, improve proportions, and gain a better understanding of 3D forms, all while maintaining a relaxed, expressive style.

Leap Write In - Inspired by "Leap Write In", by Karen Benke, this series invites your jittery mind into quiet slips of timed experiments that are designed to encourage your timid heart to forge forgotten feelings and entice your shy-self to make friends with emerging emotions. Explore all the wacky, confusing, brave, soul-stirring, wonderings and wanderings of your life's inner treasures through creative writing!

Little Book of Wonders (Parts 4-6) - Take Your Art Journal Collage to the Next Level! Gather your doodles, drawings, and small paintings—it's time to elevate your art journal experience! Introducing The Little Book of Wonder, your personal space to showcase your creative works in a one-of-a-kind journal. Over this 6-week workshop series, you'll learn how to transform your art into an interactive masterpiece, complete with pop-ups, doors, windows, and flaps—just like the magical pop-up books from childhood. Plus, we'll be creating fresh, new artwork to fill your unique little book with surprises at every turn. Join us for a journey of creativity and playfulness, where your art journal becomes a living, breathing expression of your imagination. **Please note this is a closed multi-session workshop that is full.**

The Writing Life - This workshop, facilitated by writer and editor Mary Katherine Carr, will explore creative intuition and writing as a healing practice and force for positive transformation in the self and in our community. We will experiment with various forms of writing, including fiction, creative non-fiction, poetry, and letters, taking inspiration from writers past and present, from all around the world. We will share our work with one another when we feel inspired and comfortable doing so and provide supportive feedback, exploring our natural curiosity and instincts. Writing can be a self-care practice, as well as a vehicle for social change - your words are powerful!

Lyrical Imagery - In the Lyrics and Imagery workshop, participants will use lyrics from a preselected song to inspire a painting or drawing. You'll choose a line that resonates with you, sparking your imagination, and use it as a foundation for your visual art. Additionally, you'll cut out and incorporate some of the words from the lyrics into your artwork, blending text with image to create a unique piece. At the end, we'll share our creations and discuss the connections between the lyrics and our artwork. This workshop is open to all skill levels and offers a creative exploration of the relationship between music and visual art.
