Spark of Brilliance Group Descriptions

Art for Self Care

During this monthly workshop, with the help of artist Jessica Swift and Skillshare, you'll learn how to tap into the power of your intuition and use artmaking as a tool for radical self-care. Whether you're an experienced artist or a curious beginner, this self-paced class is for you. Artmaking can be used as a tool for meaningful self-discovery and transformation.

Art Journaling

Dive into the creative world of art journaling with this ongoing, monthly workshop where each session offers new prompts, techniques, and materials to explore. This workshop is a perfect space for self-reflection, creative play, and personal growth, as you'll create pages that capture your thoughts, feelings, and inspirations over time. Leave each session with fresh ideas and techniques to continue your creative journey at home! Please bring along a sketchbook or old hardcover book to create within!

Improve Your Drawing

In this two-part drawing challenge, Jutta with the help of Skillshare, will guide you through fun, effective exercises designed to improve your skills and establish a lasting practice habit. Using a combination of brain science and simple prompts, you'll strengthen both your drawing muscles and mindset. Whether using Procreate or traditional media like pencil and eraser, you'll complete the challenge with a noticeable improvement in your drawing abilities and a toolbox of helpful exercises to continue growing as an artist.

In Progress

When it comes to your art, do you spend more time procrastinating than creating? Do you find you don't set time aside to work on existing projects? During "In Progress" we will gather to work on our on-the-go projects, offer each other support on getting through creative blocks and bumps, and of

course take time to make art! We will also have time to make new Artist Trading Cards (ATCs) and make trades! Remember to bring the supplies along that you will need to work on your project during the workshop time. Bring a mug for tea!

Intuitive Art Inspired by Music

During this creative workshop, participants will use the power of music to unlock their artistic intuition. Through a guided process, you'll listen to different genres and rhythms, allowing the music to influence your artistic expression. Without focusing on specific outcomes, you'll create spontaneous, abstract art that reflects your emotions and the mood of the melodies. Whether you're a seasoned artist or a beginner, this workshop encourages you to explore your intuition, let go of perfection, and enjoy the therapeutic combination of music and art.

The Answers Are Within You

Join us for a unique writing workshop inspired by *The Answers Are Within You* by Amber Rae. Using the book's insights on self-discovery and personal growth, participants will explore themes of mind, body, and soul through creative expression. Writers will have the option to write from a first-person perspective for a more intimate, personal experience or experiment with second or third person to develop fictional storylines. Whether you're looking to reflect on your own journey or craft new narratives, this workshop offers a transformative space to explore your inner world. Participants may submit their writing from each workshop to be considered in a year end book project.

Vision Boards

Join Spark of Brilliance for a fun and inspiring Vision Board Workshop where you'll create a visual representation of your goals and dreams for 2025. Tap into your creativity, clarify your intentions, and leave with a personalized board to keep you motivated throughout the year!
