Using paint, fabric, and mixed media, you'll turn ordinary dolls into extraordinary characters and creatures straight from your imagination. Whether whimsical, eerie, or fantastical, these one-of-a-kind art dolls will reflect your unique vision. Join us to sculpt, paint, and breathe new life into these discarded treasures while learning about yourself! - **This series is FULL**

**Art for Self Care** - During this monthly workshops series, with the help of artist Jessica Swift and Skillshare, you'll learn how to tap into the power of your intuition and use artmaking as a tool for radical self-care. Whether you're an experienced artist or a curious beginner, this self-paced class is for you. Artmaking can be used as a tool for meaningful self-discovery and transformation.

**Art Practice for Self-Care - Single Line** - Join artist Barrie Jones, Scottish visual artist on Skillshare, as we explore how to use art as a powerful tool for mindfulness and self-care. By focusing on single-line drawing, you'll learn how to stay connected to your artwork, mirroring the way we can stay present with difficult emotions without feeling overwhelmed. Whether you're new to art or have more experience, this workshop is for everyone.

**Guelph Crochet and Knit Club (80 Waterloo Ave. SHPS Group Room)** - Calling all yarn lovers—beginners, pros, and everyone in-between! The Crochet & Knit Club is an open, drop-in group where you can learn, practice, and share your love for fiber arts. Not sure where to start? Don't get tangled up—we'll help you hook onto the basics in no time! Learn how to read patterns, pick the perfect hook, and spin your way through yarn choices. Already working on a project? Bring it along to get in the loop with other crafters! Need knitting help? Just cast on and ask around for advice. Whether you're a newbie or have been purling for years, this is your space to create, relax, and share your passion. We have limited supplies available, so please bring your own hooks, needles and yarn. For beginners, we recommend starting with a 4-4.5mm hook and a chunkier yarn for easier crafting.

**The Answers Are Within You (Virtual)** - Join us for a unique writing workshop inspired by The Answers Are Within You by Amber Rae. Using the book's insights on self-discovery and personal growth, participants will explore themes of mind, body, and soul through creative expression. Writers will have the option to write from a first-person perspective for a more intimate, personal experience or experiment with second or third person to develop fictional storylines. Whether you're looking to reflect on your own journey or craft new narratives, this workshop offers a transformative space to explore your inner world. Participants may submit their writing from each workshop to be considered in a year end book project.

**The Writing Life with Mary Katherine Carr** - This workshop, facilitated by writer and editor Mary Katherine Carr, will explore creative intuition and writing as a healing practice and force for positive transformation in the self and in our community. We will experiment with various forms of writing, including fiction, creative non-fiction, poetry, and letters, taking inspiration from writers past and present, from all around the world. We will share our work with one another when we feel inspired and comfortable doing so and provide supportive feedback, exploring our natural curiosity and instincts. Writing can be a self-care practice, as well as a vehicle for social change - your words are powerful!

**Tiny Art** - Transform Scrabble tiles into miniature works of art in this fun and creative workshop! Using magazines, book pages, and your own small cutouts or doodles, you'll craft unique collaged pieces to use as magnets for curating a personalized collection on your fridge, or to frame as a collection. All materials will be provided but feel free to bring your own treasures to make your creations truly one-of-a-kind! If you wish, bring your stash of small images to incorporate into your design or share with others.

**Urban Sketching** - Join artist Julia Henze for another Urban Sketching class, perfect for beginners looking to enhance their skills! In this session, you'll learn how to draw a door, but there's more to it than just lines. We'll focus on three key challenges many students face: measuring proportions, understanding light and shadow, and choosing the right colors for your sketch. With Julia's step-by-step guidance, you'll build confidence in these areas and create a beautiful urban sketch. Whether you're new to sketching or looking to refine your technique, this class has you covered!
