Multi-year Accessibility Plan

This 2019-2024 accessibility plan outlines the policies and actions that Canadian Mental Health Association Waterloo Wellington (CMHA WW) will put in place to improve opportunities for people with disabilities in accordance with the requirements communicated under the Integrated Accessibility Standards, Ontario Regulation 191/11 (IASR).

Statement of Commitment

CMHA WW strives at all times to provide services in a way that respects the dignity and independence of persons with disabilities.

CMHA WW will make every reasonable effort to:

- Provide services in a way that respects the dignity and independence of people with disabilities.
- Give people with disabilities the same opportunity to access services and allow them to benefit from the same services in the same place and in a similar way as other persons supported unless an alternate measure is necessary to enable the person access to services.

Communicate in a manner that takes into account the person's disability, e.g. Use of an interpreter, sign language, communication board, information in a written format, etc.

CMHA WW is committed to identifying, preventing and removing barriers that may impede the ability of a person with a disability from accessing services, and to comply fully with the Ontario Regulation 429/07 of the *Accessibility for Ontarians with Disabilities Act, 2005* (AODA). This accessibility plan outlines the steps we are taking to meet those requirements and to improve opportunities for people with disabilities.

The plan is reviewed and updated at least once every 5 years.
